

The Grandfather Mountain Highland Games Newsletter

Spring 2006

The President Speaks

The rehabilitation after my knee replacement has gone very well. I believe I am as good as new, and me and my knee are ready for the 2006 games

schedule. General manager Frank Vance tells me that despite the icy winter weather MacRae Meadows will be in top-notch shape for the 50th Anniversary games July 6-9, 2006.

Board member Royce McNeill just returned from Siberia, looking for the proverbial "big bear". This was the year that he finally caught the big one, and he is currently at home working on his bear skin.

I am sure that board member Sandy Jones is preparing for his North American Piping Academy held before and after games. I understand that he and his wife Dorcas are happy in their new home in Brevard, NC.

The new GMHG headquarters building in Linville, NC is nearing completion. I am sure that the office staff cannot wait to get into the new building and get organized before games. I want to thank each of you who has made a contribution toward this building. As we put on the final touches, we are hoping to receive enough donations to make this office building truly special. The building has thus far been constructed from donations, without dipping into our reserve rain-out funds. I encourage games attendees to continue to offer support so that we can make this a landmark that we can all be proud of. I hope that you will stop in to see the new facilities during your time at Linville.

Enclosed you will find a survey regarding our Patron & Sponsor Reception. We would like to be able to move the reception back to Linville. Eseeola has renovated their facilities at the old Boy's Camp, which would make a wonderful reception site, with Grandfather Mountain in the background. We would very much like your input on this, and hope for a large response.

You may e-mail me at highlandgames@vol.com regarding any new events you might suggest for our family-friendly Scottish games.

Ceud Mile Failte to you in 2006 at any and all Scottish games!

Sincerely,

*Ross Morrison,
Jr.*

Ross Morrison, Jr.
GMHG President

"A Wee Bit of the Scottish Highlands in North Carolina!"

General Manager's Perspective

The games are just around the corner now. It seems like only a few weeks ago that closing ceremonies ended and tents were taken down. Now we are

quickly approaching the 50th anniversary. As you can tell, we are gearing up for an exciting games this year, with many musical guests and special events.

To update you on the status of operations, we are beginning to move bits and pieces from our warehouse to the new office building. I know our staff is ready to make the move and is very excited about our new facilities.

I am looking forward to building the Cairn also, as I think it is very important to show visitors who it was that made our building possible. I would like to extend a special thank you to all those who have

made a contribution to our building fund, and hope that your generosity will continue as we put the finishing touches on things.

I would like to end on a very positive note. I am so proud to be part of an organization that gives back to the community. The 2006 scholarship recipients are wonderful students who I am sure will make the games proud. Health occupations scholarships were awarded to Courtney Henderson for Physical Therapy and April Barrier for Dental Hygiene. Mr. Morton's scholarship was given to Hope Jennings for Pre-Med. Three academic scholarships were awarded to Joshua Costner for Business, Kate Taylor for Business/Criminal Justice, and Holly Mottern for Political Science. I am proud of these young people, and know they will do well in their efforts.

I look forward to seeing all of you soon. Until then, I wish you all the best. Sincerely,

Frank Vance

General Manager and Vice President of Operations

News from the Celtic Groves

2006 will see both familiar and new faces entertaining in the Celtic Groves. Since the inception, the Celtic Groves have been known for bringing the best in traditional and modern Celtic music to the Games. This year's mixture proves to be some of the best that Grandfather has offered.

ALBANNACH, familiar faces with a new name. These six former members of Clann an Drumma from Glasgow, Scotland will deliver the same foot stomping, heart pounding, dance inspiring, tribal sounds that have gained so much attention for the last three years at Grandfather. With the sound of drums and pipes you will be **TRIBALIZED**.

Also returning this year will be **HUNTING MCLEOD** from Canada, with their high energy, high bouncing performances. Games alumni, **ED MILLER**, will be back along with **SCOOTER MUSE** and **JIL CHAMBLISS** (Henri's Notion) to perform as a trio.

Gael Warning from Charlotte will return to the groves this year with a slightly different line up and new tunes. The **RIC BLAIR BAND** from Nashville will also return after wonderful crowd response in 2005 to their music, dance and humor. National Scottish Fiddle Champion, **JAMIE LAVAL**, will once again dazzle the audiences with his stirring tunes and energetic persona (minus the toothache).

The new kids this year are set to deliver show stopping performances and hail from across the US. **THE KILLDARES** from Texas will bring their hard driving sound and **MACTALLA MOR** out of New England will deliver their special brand of Celtic fusion to the mix. **HOOLY** from Birmingham, AL is the final freshman in the GMHG class of 2006 specializing in traditional tunes on numerous instruments.

A New Date to Add to Your Calendar!

The **West Virginia Celtic Festival and Games** will be presented in Beckley, WV the weekend of **August 18th, 2006**. This is being held at the YMCA Sports Complex and will offer a wide variety of activities for the whole family. Athletics, piping, dancing,

The 50th Anniversary Games Will Be Held July 6th-9th, 2006

clans & societies, herding demonstrations, great food, merchants' village, British cars and motorcycles, soccer demonstrations, re-enactors, artist demonstrations, children's activities, story telling and world class entertainment are all part of the fun. For more information please visit the host site for the games www.visitwv.com or call **800-VISIT-WV (800-847-4898)** DON'T MISS IT, SEE YOU THERE!

[Update on Celtic Grove Director Gary Morrison](#)

As many of you know that attended the 2005 games, it was reported that Gary Morrison, Director of the Celtic Groves, had been hospitalized. At the time we had few details other than the fact that he had required emergency surgery. We have learned since that the surgery uncovered stage four colon cancer. Gary has been receiving radiation treatments and should finish this phase of therapy in mid-February. Fortunately, doctors have found a reduction of the spots on his liver.

On December 20th, Linda was involved in an automobile accident after dropping Gary off for treatments and she received a neck injury along with other pains. They are both

working through their ailments while keeping positive attitudes.

Gary has stated that one of his goals this year will be to make it back to Grandfather to see his many friends, God willing. Please take a moment to remember the Morrison's in your thoughts and prayers.

[News on a Long-Time GMHG Merchant](#)

The Grandfather Mountain Highland Games was saddened to hear of the passing of Mr. Matt McConnell, a long-time merchant at our Games, of a heart attack. Mr. McConnell was the owner of Highland Heritage, Ltd. based out of Wilmington, Delaware. Although we are not aware of

arrangements at this time, we extend our deepest sympathies to the McConnell family and all those who knew Matt.

[From Culloden to the Carolinas](#)

Miss Cornelia Bush, Certified Genealogist and Fellow of the Society of Antiquaries of Scotland, will demonstrate how a person of Scottish-American ancestry can use military records, census records, land records, parish registers and the National Archives to trace back across the water to his/her roots in Scotland.

She will review the religious connections which pertain to Scots of Colonial American ancestry and recommend specific research tools for this important aspect of Scottish-American genealogical research. She will provide handouts recommending various books and websites of interest to Scottish-Americans, as well as sample forms for use while researching.

[Contributors to the Building Fund](#)

Below is a list of those who have contributed to the GMHG Building Fund, and will therefore be recognized on our "Càrn Nan Càirdean" that will be erected adjacent to our new office in Linville, NC. If you would like to become a part of this prestigious group who have honored the GMHG with their support, visit our website (www.gmhg.org) for details.
